

Nimbus Analytics - Onboarding Guide

Every new workspace starts with a 14-day free trial of the Pro plan.
No credit card is required to start the trial.

Setup steps:

- Step 1: Create your workspace and name your first project.
- Step 2: Install an SDK or paste the tracking snippet into your page <head>.
- Step 3: Open Live View and confirm your first events are arriving.
- Step 4: Invite your teammates from Workspace settings > Members.
- Step 5: Build your first dashboard from a template.

Default settings for a new workspace:

- Timezone: UTC
- Session timeout: 30 minutes
- Default plan after trial: Free (unless you add a payment method)

Onboarding support:

Email onboarding@nimbusanalytics.com or join office hours every Tuesday.
A dedicated onboarding manager is assigned to Enterprise customers only.
